

Resident Cycle Parking Facilities

Part of strong cycling policies in Flanders' main cities

72% rents a spot for care against theft and 27% against vandalism

43% has lack of space at home and wants to protect bike against weather conditions

23% uses their bike more (and even for longer distances) than before

Type of bicycles

An average household rents a spot for 1,81 bikes

Distance to residence

When the bike is closer by, it is used more...

Project of Fietsberaad

& supported by Flemish Government

Contractor: Mobiel 21
