

Air Convention (Convention on Long-range Transboundary Air Pollution)

Cooperative Programme for Monitoring and Evaluation of the Long-range Transmission of Air Pollutants in Europe (EMEP)

Task Force On Integrated Assessment Modelling (TFIAM) 48th session, 23 - 24 April 2019, Berlin, Germany

Indicative agenda, as of 2019-04-05

23rd April

09.00 Opening of the meeting – Welcome by German host

News from other bodies and objectives of the meeting

- News from bodies of the Air Convention Co-chair
- News from external bodies outside the Air Convention Co-chair
- Objectives of the meeting Co-chair

Updates on European scientific assessments

- Update on the development and applications of GAINS

10.00 CIAM – Title to be decided

Markus Amann

11.00 COFFEE BREAK

Update on the development and applications of other pan-European IAM tools

11.30 • Europe's urban air quality Evrim Dogan Ozturk

11.55 • Developments in benefits assessment Mike Holland

12.10 LUNCH

Updates on national scientific assessments

Update on the development and applications of other pan-European IAM tools

13.20 • Establishing the origin of particulate matter: Jeroen Kuenen
challenges with emission variability

Presentations of National air quality plans including costs and expected health benefits

13.45	• Air quality plan Netherlands	Rob Maas
14.10	• The German air pollution control programme and IAM activities in Germany	Johanna Appelhans
14.35	• Integrated Model Assessment for National Air Pollution Control Programme for Italy under the NEC Directive	Antonio Piersanti

15.00 COFFEE BREAK

Presentations of National air quality plans including costs and expected health benefits

15.30	• Germany - Title to be decided	Thomas Scheuschner
15.55	• France – Title to be decided	Simone Schucht
16.20	• The new Swedish National Air Quality Plan and Swedish 2018 IAM developments with relation to the TFIAM work plan	Stefan Åström

24th April

Updates on national scientific assessments

Presentations of other national IAM analysis

09.00	• Application of the UK Integrated Assessment Model in the UK	Helen Apsimon
09.25	• Sources and strategic management of air pollution in central India	Nitin Kumar Jaiswal
09.50	• Conflicts of Climate and Air (CONAIR) Project Results and Irish Update	Andrew Kelly
10.15	• Integrating environmental and health data for hind- and forecasting of air pollution health impacts	Stefan Reis

Presentations of activities aligned with the TFIAM work plan

Updates on air pollution control cost data

- *No presentation as of yet*

Updates on Costs of Inaction

10.40	• Introduction	Stefan Åström
-------	----------------	---------------

Updates on the Ammonia Assessment Report

- *No presentation as of yet*

Updates on the local air quality expert panel / Towards clean air in cities

10.50 • Introduction Rob Maas

11.00 COFFEE BREAK

Updates on the local air quality expert panel / Towards clean air in cities

11.30 • Scope & constraints of local AQ management in tackling NO₂ and PM₁₀: the example of Berlin Martin Lutz

12.00 LUNCH

Updates on the local air quality expert panel / Towards clean air in cities

13.10 • WMO - title to be decided Ranjeet S Sokhi

Updates on global sectoral strategies

13.35 • Effects of non European emissions on European air pollution levels Jan Eiof Jonson

14.00 • EU action on Black Carbon in the Arctic Stefan Åström

14.25 • Global trends of methane emissions and their impacts on ozone concentrations Rita Van Dingenen

14.50 • Air quality co-benefits of global climate action under the Paris Agreement Toon Vandyck

15.15 COFFEE BREAK

Preparation of the review of the Gothenburg Protocol

15.45 • Introduction Rob Maas

15.55 Any other business Co-chairs

16.00 Chairs report Co-chairs

17.00 Meeting close
