Plans for the future

More ambitious measures which bring permanent changes (conclusions from workshop 1)

• Assured financial resources for every year activities.
• Municipalities are applying on different tenders.
• EMW Working group on municipal level is needed.
• Sustainable mobility activities are completed or start up during the EMW.
• Focus during EMW is on permanent measures which influence on travel habits.
• Monitoring and evaluation of the measures is needed (possible connection with SUMP).
• Regular incentives for more ambitious activities.
• Working together with neighbour municipalities and on regional level.
