

**International Cooperative Programme on  
Modelling and Mapping of  
Critical Levels & Loads and Air Pollution Effects, Risks and  
Trends (ICP M&M)**

**36<sup>th</sup> Task Force Meeting, 27<sup>th</sup> CCE Workshop, and 1<sup>st</sup> CDM Meeting**

**Hosted by Swedish Environmental Protection Agency (Stockholm)**

**from Tuesday 21<sup>st</sup> early afternoon to Thursday 23<sup>rd</sup> April 2020 early afternoon**

**EARLY AGENDA (5 March 2020)**

- **Opening and Keynote session**

“Chapeau” session including policy relevant questions (e.g. Gothenburg protocol review) and WGE framework/activities

- **Current status of ICP M&M**
- **Current status of the Call for data**
- **National contributions to effect-oriented activities** including contributions/activities of other ICPs
- **Main ICP M&M sessions**

The main sessions will include overview of scientific work and/or ICP M&M recent achievements (2019 and early 2020) regarding diverse issues including:

- ❖ **CCE work**

- General progress
  - e.g. new connections, technical improvements, new communication tools
  - development of background database
- Status of SMB modelling
  - discuss single parameters of the equation (including at least two presentations from CCE contractors)
  - check status of NFC: any progress?
- Status of the empirical Critical Load
  - introduce the roadmap and recent events
  - input from other potential parties

- ❖ **Status of the JEG DM and of CDM** including mandate and workplan

- Biodiversity CL
- Dynamic modelling
