

Virtual **European Resources Forum**, 3<sup>rd</sup> November 2020 (ERF 2020 online)  
[www.resourcesforum.eu](http://www.resourcesforum.eu)

## Technical Information for participants

### How will the conference take place?

The ERF 2020 online will be organised as a virtual English-language conference on November 3, 2020, by using the "[Meetyoo](https://www.meetyoo.com/)" software. After you have registered on the UBA conference homepage ([www.resourcesforum.eu](http://www.resourcesforum.eu)), you will receive a link that leads you directly to the website of the conference software Meetyoo. There you create your personal **password** for the conference and then you can take part in the event easily.

### Do I have to download the conference software?

**No!** You don't need to download the conference software or anything else. You can follow the conference directly from your browser. We recommend "**Chrome**" or "**Firefox**" as a browser. Please make sure that you have a sufficient internet connection to be able to follow the lectures in the best possible quality (min. 800 kBit/s).

### Can I participate actively via the conference platform?

**Yes, you can!** It will be possible to ask questions and to give live feedback or comments. You can submit written questions during the presentations. Oral questions will not be possible. All questions will be collected and a selected number will be forward to the chairs and/or speakers of the conference sessions.

### Can I interact with other participants?

**Yes, you can!** You can also get in touch with other participants via the conference-platform in the "Chat-Lounge".

## Technical requirements, Browser

### Browser:

- Chrome: the current and the previous version
- Firefox: the current version and the current Firefox ESR
- Safari: the current version
- Internet Explorer Version 11 or higher
- Microsoft Edge: the current and previous version
- We highly recommend to use "Chrome" or "Firefox" as a Browser.

### Internet:

- Sufficient internet connection (min. 800 kBit/s).

### In brief:

1. Please register at [www.resourcesforum.eu](http://www.resourcesforum.eu)
2. Receive the link from SBS to create your Password
3. Enter the virtual platform with your password
